## Mr. John Pantuosco

Mr. Pantuosco has the reputation for being the "best teacher ever." If you've been in a class with him, you know he loves being a teacher and he is instantly beloved. Mr. P is always willing to help anyone in need and routinely checks on his students. He takes the time to go to their sporting events and volunteers for so many community activities. His classes are never stressful, but lightened by his great sense of humor. Mr. P is always willing to help anyone and makes an effort to include everyone. Once you leave LHS, he does not forget you. Mr. P is such a gift. We are so lucky to have him.

*There are not many people in the world that love their job more than I do. I love my fellow workers, the students I teach and the athletes I coach. I am able to make someone's day and be an influence in a young person's life. On top of all that I have been able to see other parts of the world with my students, friends and family. I guess one can say that I am blessed. Maybe that one is me.*

*–Mr. P.*

# Mr. John Williams

Mr. Williams is a such a great teacher that he is the reason why many students genuinely start to like English class! There is never a dull moment in his class. He can quickly figure out how to describe a book in a funny way, which is often accompanied by a hilarious story on virtually ANY topic. Mr. Williams helps his students become excellent writers while maintaining his incredible humor and his "super chill" vibe. His ability to tell it like it is is a trademark of his teaching and is a big reason why so many kids adore him. There is no one like Mr. Williams. He makes LHS a better, more fun, more real place. He is truly one of a kind and thankfully, he is ours!

## VIRUS LIFE

• • •

Covid has reminded us that we take so much for granted - our ability to move about freely, to gather with others and interact with who we want, to engage in hobbies and passions that we enjoy and benefit from. This too shall pass, but when it does, I will never take these small freedoms for granted again. I will cherish them like never before.

## CLASS OF 2021

The year has been tough for everyone. As class officers, It has been tricky learning how to navigate what we can and can't do for our class. We have had some big aspirations for this year that we had to promptly put aside. Hopefully we will be able to achieve some of our dreams by the end of this year. As a student, it is a very different dynamic to get used to online school and deal  with college applications. It has been pretty stressful. I just tried to remember to stay on task, engaged, and energetic throughout this whole time. I also try to keep a good balance of school and home life. But all in due time this will pass!

To our daughter, LPJ. We are proud of you. May you continue to be curious and creative in your endeavor towards knowledge; being sure to share your intellect, charm, and grace liberally. Do not hold back that belly laugh... humor helps the world go round. Dance often. Go in peace and thoughtful defiance, righting wrongs, solving problems and making music. In other words, keep being you. You rock. We love you to your core.

May God continue to bless you. Love, Mom and Dad ("Zi-Zi" and "Po-Po")

YOU did it! Congratulations! What an incredible journey this has been!
We watched with joy as you graduated Pre-K, watched with happiness as you graduated from Center and beamed with pride at WMS graduation when you received the Science and Principal's awards.
It truly has been a blessing to witness your growth and maturity as both a student and a young lady.
While this was not what you had envisioned for senior year, you should be so proud of yourself for all you have overcome and accomplished during your years at LHS.
We are excited for what the next chapter holds for you!

With Much Love,

Mom & Dad
